

Tetsworth Memorial Hall

Report for Village Meeting

2026

Apologies for not being able to attend this year.

I'm pleased to tell you that the kitchen alterations were signed off by building control and we have received the final grant payment from SODC which enabled us to resurface the car park, insulate the meeting room, install air source heating and water heating, install a shed and enlarge the kitchen area and install new units and appliances.

Hirings have been steadily increasing and we have several new users making bookings through the year.

We are currently working on repairs to the fencing, flower beds, steps and pathways. We recently replaced all of the PIR lighting and the parquet flooring repairs will be completed soon.

My personal thanks go to the Hall team, the Teams thanks go to all of you who continue to hire and support us and special thanks to SODC's building control and grants teams that have helped us so much this past year.
